

FATHER MULLER MEDICAL COLLEGE

(A unit of Father Muller Charitable Institutions)
Father Muller Road, Kankanady, Mangalore-575002

Methods of the assessment of learning outcomes and graduate attributes:

As the institution is affiliated to Rajiv Gandhi University of Health Sciences (RGUHS), academic programmes/ activities including methods of assessments are carried out to meet the course outcomes prescribed by the University and the respective Statutory Regulatory Authorities.

Assessment of the under-graduate students is done by conducting regular internal assessment tests, both in theory and practical as per university norms. In addition to the internal assessments, students are also assessed by short tests, assignments, viva voce, discussion during postings, and practical record completion with certain percentage of marks assigned.

Assessment of the Post-graduate students is done by conducting regular (monthly or quarterly theory tests), clinical/ practical tests yearly, maintaining a log book with grading and yearly assessment by all staff of the department. In addition, clinical post-graduate residents are also assessed during the clinical rounds.

Summative assessments for under-graduate and post-graduate courses are conducted as per university guidelines.

Methods of the assessment of learning outcomes and graduate attributes:
