01/02/2016 of TC Medical Councils, Kerala.

Dr. N. Sreedevi

Govt. T. D. Medical College, Alappuzha

Dr. V. Sathesh
Chairman
Organizing Committee

Dr. Sumesh T. P.

Secretary Organizing Committee Dear Friends

Department of Psychiatry Govt.TD Medical College Alappuzha is glad to announce and also invite you to a Two - Day Workshop on Descriptive Psychopathology (Signs & Symptoms) on 20th & 21st of February 2016.

Psychopathology is the science and study of psychological and psychiatric symptoms. Descriptive psychopathology is the fundamental professional skill of a psychiatrist and it is the only diagnostic skill unique to the psychiatrist. It is considerably more than just carrying out the clinical interview of a patient, or even listening to the patient, although it necessarily involves both of these. It has clinical usefulness and application. The aim of the Descriptive Psychopathology is to elucidate the essential qualities of morbid mental experiences and to understand each patient's experience of illness.

A clear understanding of Psychopathology is essential for psychiatry trainees for diagnosing, managing and also for teaching in everyday practice. In this context it is highly essential for them to develop the appropriate skills in dealing with psychopathology. With this intention the Workshop on Descriptive Psychopathology (Signs and Symptoms) has been arranged. We invite PG Students in Psychiatry all ovrer Kerala to this two - day academic exercise.
