

FATHER MULLER COLLEGE OF NURSING

Affiliated to Rajiv Gandhi University of Health Sciences, Karnataka, Bangalore

(A Unit of Father Muller Charitable Institutions)

Reaccredited by NAAC

Important Information for Students Who Have Appeared for the CET Exam for Nursing in Karnataka

If you have taken the CET exam for Nursing in Karnataka, please read the following instructions carefully. This information is based on the process followed in previous years and is meant to help you understand the steps to be taken after the CET results are announced.

1. **CET Results and Rank Declaration**

After the CET results are released, your ranks will be declared.

Note: If you have not entered your Class 12 (PUC) marks in the KEA CET portal, you may not receive a rank. In such cases, please contact KEA immediately—they usually respond and assist.

2. **Document Verification**

Last year, document verification for Karnataka students was conducted online. KEA provided a link for students to upload their documents. After successful verification, students will receive a **verification slip** containing a **secret code** needed for the option entry process.

• **Please Note:** Do not share the Secret Code, User Name, and Password.

3. **Students from Outside Karnataka**

For non-Karnataka students, the verification process was not clearly defined. It may be conducted online or offline. Keep checking the KEA portal for updates.

4. **Regularly Check the KEA Website**

Students are advised to **check the KEA portal daily** for announcements, dates, and updates.

5. **Option Entry Process**

Once the portal is open for option entry, log in using your **login ID**, **password**, and the **secret code** obtained from the verification slip.

6. **College Preference**

When entering your options, you can set your first preference as:

G011 – Fr. Muller's College of Nursing, Kankanady

7. **Abbreviations to Know**

- **GP** = Government-Private Quota
- **GG** = Government Quota

8. **Eligibility Based on Rank and Category**

9. **Refer to the Seat Matrix**

Always refer to the **seat matrix** published by KEA. It provides a clear understanding of the available seats, categories, and colleges.

10. **Saving Your Option Entry**

After completing the option entry, **save your choices and take a printout** for future reference. Wait for the results to be announced.

11. **Second Round Option**

If you do not get your preferred college in the **first round**, you can participate in the **second round** of counselling.

12. **Admission After Allotment**

If you receive an allotment for your preferred college:

- Make the **payment online**
- Download the **allotment letter** and **payment receipt**
- Report to the **allotted college** with all necessary documents as early as possible

13. **Modifications Before Final Submission**

You are allowed to **modify your choices** before the final submission.

14. **Offline Verification (If Applicable)**

If offline verification is conducted, students will be called in batches based on their rank. For example:

- Ranks 1–1000 on Day 1
- Ranks 1001–5000 on Day 2

So, it is very important to check the KEA website regularly for your schedule.

15. **Note on Changes**

This procedure is based on previous years. There may be changes this year, so please stay updated by checking the **official KEA website regularly**.
